

xTablet flex 10A with Android

The lightweight, rugged, entry level tablet with Android

The proven rugged Flex 10A is now available with next level Android 9.0 O/S performance, powered by the MT8163 Quad-Core Processor. Its GMS certification offers the highest level of security and (OTA) management features, meeting Google's stringent performance standards. Designed with clever built-in features that include a briefcase handle and back hand strap for easy portability along with our patented snap mount system for unlimited mounting solutions in any environment. Protected by MobileDemand's extremely durable xCase, scratch-proof screen protector and coupled with ample storage and power make it the perfect solution for light to medium-duty mobile applications and an ideal entry-level rugged tablet for construction, agriculture, distribution, and retail industries.
