

xTablet T1175

Power. Performance. Productivity. Protection.

The xTablet T1175 is MobileDemand's next generation, top of the line rugged tablet. Built with our trademark durability and increased processing power and memory, this tablet takes productivity to the next level in nearly any industry – both inside and out. Choose from a host of accessories and add-ons to enhance your productivity even further.

PROVEN RUGGED

MobileDemand devices must meet rigorous military standards, passing a 5-foot drop test a total of 26 times ensuring the xTablet T1175 will be protected from accidental drops. IP65 rated sealed ports protect the device from liquids and dust, critical to investment protection.

SUNLIGHT VIEWABLE

The 10.1-inch, 10-point multitouch capacitive screen and 800-nit, sunlight viewable display ensures the device will thrive in both indoor and outdoor environments. Light-filtering technology with a high contrast ratio prevents eye strain from squinting.

PRODUCTIVITY

The xTablet T1175 is the only device your frontline workers will need thanks to a variety of optional add-ons. Scan barcodes, take payments, read identification tags and capture dimensions all on a single Windows-based mobile device.

HIGH PERFORMANCE

Featuring the latest 13th Gen Intel® Core™ processor, the xTablet T1175 delivers the highest levels of speed and performance possible. With up to 16GB of memory and long-life hot-swappable batteries, the device stays powered up and ready to perform all day and night.
