

SAMSUNG

Galaxy Tab Active4 Pro

Made for the tough jobs

Ready for work

MIL-STD-810H standards¹ and an IP68 rating² mean your team can tackle nearly any job in any place in any conditions. Included S Pen and long-lasting battery will have your team ready for whatever the day holds.

Versatility to empower

Samsung DeX, Microsoft and Google integration, a programmable Active Key and more will give you the flexibility you need to tackle your tasks in the most efficient way possible.

Peace of mind

With mPOS and scanning readiness and a rich ecosystem of industry-specific tools, you can customize Galaxy Tab Active4 Pro to your unique needs. Samsung Knox delivers defense-grade security. And Enterprise Edition features right out of the box include a full year of Knox Suite, three OS updates, and five years of security maintenance releases.

Galaxy Tab Active4 Pro

A tablet made for your frontline team

Ready for work

Built to work in tough conditions

- Designed to withstand drops, spills and extreme temperatures
- Galaxy Tab Active4 Pro passed MIL-STD-810H testing, including a 1m drop test (3.2 ft.)¹
- IP68 rating means Galaxy Tab Active4 Pro withstands dust and water²

Designed to withstand the elements

- Sensitive touchscreen tracks your finger movements, even when wet or with gloves on^{3,4}
- Keep your hands protected while working in wet, damp or humid environments

Versatile S Pen helps you do it all

- IP68-rated S Pen included, enabling you to collect signatures in the field, jot down notes, sketch ideas and quickly fill out forms, even in inclement weather

A fast, reliable connection everywhere

- Work smoothly with high-speed 5G and Wi-Fi 6 connectivity^{5,6}
- CBRS-ready, for a powerful and efficient communication option for your team

Made for hours of uninterrupted work

- All-day battery can keep up with long workdays⁷
- Fast-charging with convenient Pogo pin design⁸
- Replaceable battery for instant full power⁹
- No Battery Mode enables all-day operation without the battery, ideal for use in a vehicle such as a truck or forklift¹⁰

Versatility to empower

Works like a PC when you need it to

- Samsung DeX powers a desktop experience with Galaxy Tab Active4 Pro
- Simply connect Galaxy Tab Active4 Pro to an external display, and work with multiple apps on the larger screen¹¹
- Standalone mode lets you connect a keyboard and mouse and work with your tablet's apps just as you would on a PC
- Attachable keyboard (sold separately) with Dex Mode makes it ideal for use in vehicles
- In the office, you can connect to a large TV and share content with the group¹²

Powerful business tools at your fingertips

- Microsoft 365 with Teams, Google Workspace and other apps make the Galaxy Tab Active4 Pro a versatile and powerful business tool
- Keep up with emails, check warehouse inventory, access shared files in the cloud and much more

Sell or scan from anywhere

- mPOS ready, to process sales faster, from anywhere in the store or even in the parking lot¹³
- Scanning feature helps simplify your inventory process, allowing you to scan individual items or groups of items

Customizable for the way you work

- A programmable Active Key puts recurring tasks within reach of a single button¹⁴
- Frequently used apps can be accessed instantly
- Compatible with push-to-talk, walkie-talkie or POS features

Peace of mind

An ecosystem that helps get the job done

- Rich ecosystem of software, accessories and hardware integrations ensures the right tools for the job
- Ecosystem is comprised of genuine Samsung products and industry-specific third-party partners

Stay protected and productive

- Samsung defense-grade security platform helps protect valuable information
- Galaxy Tab Active4 Pro is Enterprise Edition right out of the box, which includes a full year of Knox Suite, three OS updates, and five years of security maintenance releases¹⁵

Your personal info under your control

- Privacy Dashboard shows at a glance what permissions you've granted to apps
- Knox Messaging gives you an encrypted network for safe messaging
- Samsung Care+ for Business provides extra support when you need it most¹⁶

Keep work and personal data separate

- Work Profile lets IT deploy, manage and secure business apps and data in a managed container¹⁷
- Helps IT control business security while giving users the freedom and privacy to use their personal apps

Everything you need in one package

- Galaxy Tab Active4 Pro is on the list of Android Enterprise Recommended products that deliver verified enterprise grade features and expertise
- Galaxy Tab Active4 Pro has strict requirements for hardware and software to help your team get the highest levels of performance and reliability every time they power it on

Get more life out of your Galaxy Tab Active4 Pro

- Longer lifecycle and two years of hardware availability mean a more solid investment for your company

Printed in U.S.A. TAB-TABACTIVE4PRO-SPEC-SEP22T

¹MIL-STD-810H is a standardized form of testing designed by the US Military to accurately assess device limitations. MIL-STD-810H certification includes tests for Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop. ²IP68 rating: Water resistant in up to 1.5 meters of fresh water for up to 30 minutes and protected from dust. Rinse residue/dry after wet. Not advised for beach or pool use. ³Touch-responsiveness may vary depending on the material and thickness of gloves as well as other environmental conditions. Touch Sensitivity increases responsiveness for leather gloves thinner than 2mm or less in thickness, based on internal laboratory test results. The device can be used in wet environments, but not fully submerged under water. Underwater touch is not available. ⁴Glove mode is compatible with most gloves and in wet conditions, but does not work as intended with extremely heavy-duty gloves or mittens. ⁵5G network connection available in select markets. Download and streaming speeds may vary based on market, carrier, content provider, server connection and user environment. Check with your carrier for availability and details. ⁶Wi-Fi 6 network availability may vary by market, network provider and user environment. Requires optimal connection. Requires a Wi-Fi 6 router, sold separately. ⁷Based on average battery life under typical usage conditions. Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and voice, data, and other application usage patterns. Results may vary. ⁸POGO fast charger sold separately. ⁹Extra replaceable battery sold separately. Only Samsung certified products are compatible for use. ¹⁰No Battery mode is an optional battery safety feature developed to enable Galaxy Tab Active4 Pro to operate without battery, and with fixed and continuous power supplied. Not all use cases are recommended or advised. ¹¹Samsung DeX works with most apps. Some apps may require a separate license (purchased separately), or may be unavailable due to partner requests. ¹²Samsung DeX wired connection is available via HDMI compatible display. Wireless connection is available on Smart TVs that support Phone Screen mirroring only. For optimal experience, use on Samsung Smart TVs launched in 2019 or later. ¹³mPOS functions as intended with NFC-enabled contactless credit cards only and compatible back-end processing systems. ¹⁴Programmable Active Key is available for select functions; certain apps may not be remapped. ¹⁵Availability and timing of Android OS upgrades and features may vary by market. Years of hardware availability and years of security updates are calculated from date of global product introduction. ¹⁶Samsung Care+ for Business services are sold separately. To learn more, visit samsung.com/us/business/solutions/services/samsung-care-plus-for-business/ ¹⁷Implementing Android Work Profile requires use of a supporting enterprise mobility management solution. ¹⁸LTE functionality is available from Verizon, AT&T and T-Mobile and requires a monthly plan that cannot be purchased through Samsung. Wi-Fi 6 and MIMO support coverage may differ depending on environment and coverage. ¹⁹Total amount of available memory may be less based on configuration. ²⁰Portion of storage occupied by existing content. ²¹MicroSD card sold separately.
