# The practical xTablet choice
## Combining performance and value

**MILITARY STD-810G**
**5-FOOT DROP**
**PASSED!**

The rugged, thin and lightweight xTablet T1110 is the practical choice for ensuring application performance when downtime is not an option. The Intel Pentium Quad Core processor combined with up to 12 hours of battery life offers all-day performance. The slim profile and light weight are enhanced with a back hand strap and easy-carry briefcase handle to make transporting and using the T1110 all day effortless and comfortable. The standard corner bumpers add extra protection for accidental drops on the job, making it perfect for more challenging retail and field service environments.

### PROVEN RUGGED

MobileDemand devices must pass rigorous military standards to prove durability. The xTablet T1110 has met stringent standards and is ready to work in today's most demanding environments.

### SUNLIGHT VIEWABLE

Work efficiently in both indoor and outdoor environments thanks to a high resolution 10.1", 500-nits, sunlight viewable, 10-point multi-touch display. The T1110 also carries an IP65 rating for dust and water so come rain or shine, weather will never slow you down.
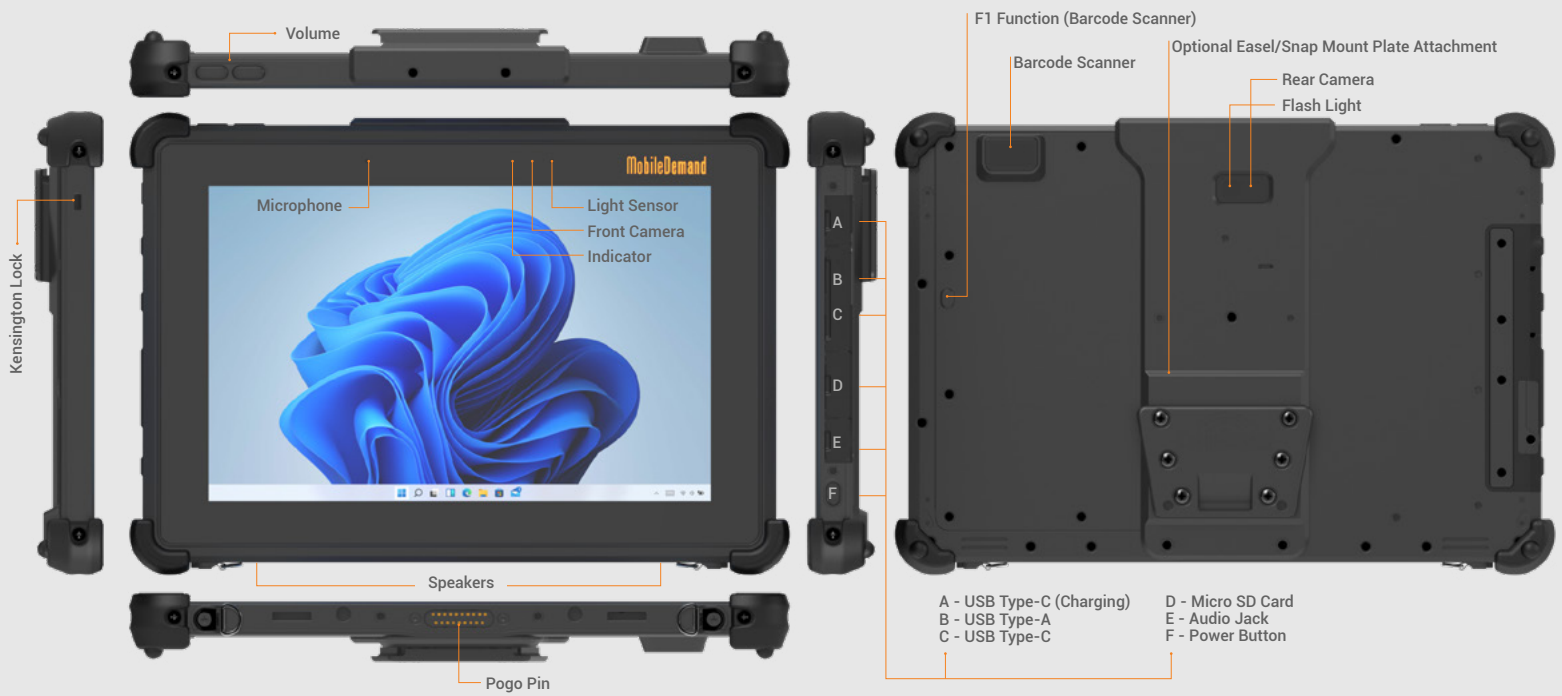

### PRODUCTIVITY

Increases business productivity where mobility and customer interactions play a key role. The T1110 delivers performance and value for the retail and field service environments.

### MOUNTING

Mounting solutions are possible with MobileDemand's optional Easel/Snap Mount Plate Attachment that makes mounting to checkout counters, desks, POS stations, walls, vehicles and more a snap.
