DROP TEST
PASSED!

Drop test excluding MSR

Versatile, affordable, xTablet Flex 10C

The value-priced, entry-level Flex 10C is loaded with the power and features you need to excel across a broad spectrum of light to medium-duty applications. Easily converts to a rugged laptop thanks to the all new removable snap wall design or into a mobile payment system with the integrated Magstripe Reader (MSR).

PROTECTION

Engineered for durability, the Flex 10C must endure rigorous military drop testing in order to pass our stringent standards. Ingenious shock absorbing rubber corner bumpers and ridged shell combine to offer protection in demanding environments to avoid interruptions in workflow and extending the life of device.

MOUNTING

Mounting is made easy with MobileDemand's quick release snap mount system. Our rugged design allows safe and secure mounting for demanding applications including warehousing, manufacturing, construction, logistics and so much more.

COMING SOON

MSR PRODUCTIVITY

Elevate customer or patient experience with faster transactions and decreased wait times with the optional integrated MSR. The flexibility to mount the tablet virtually anywhere or attach the optional keyboard further expands the Flex 10C's production capabilities, allowing you to do more where the work gets done.

CONVENIENCE

Several convenient features come standard with each device, including an easy carry briefcase handle and back hand strap along with versatile snap mount rail. The additional benefit of sealed ports offer another level of protection from the elements, for the ability to do more work in more environments.
