

xTablet Flex 10D

Built on a Legacy. Engineered for What's Next.

Meet the xTablet Flex 10D – The Next Generation of Rugged Mobility

Building on the proven Flex Series platform, the Flex 10D combines rugged durability with enhanced versatility. Featuring a bright 10.1-inch display, Windows performance, Wi-Fi 6 connectivity, and an optional detachable keyboard, it seamlessly transitions between tablet and laptop modes to keep workers productive wherever the job takes them.

PROVEN RUGGED PERFORMANCE

Designed to thrive in demanding environments, the Flex 10D features a reinforced outer shell and shock-absorbing rubber corner protection engineered to meet rigorous military-grade standards. From warehouses and manufacturing facilities to transportation and field service operations, the Flex 10D is built to withstand the drops, bumps, and challenges of everyday work.

VERSATILE 2-IN-1 DESIGN

More than a rugged tablet, the Flex 10D transforms into a powerful 2-in-1 laptop with the optional detachable keyboard. Whether capturing data on the move or completing detailed tasks at a workstation, users can switch effortlessly between tablet and laptop modes. The keyboard enhances productivity while providing additional screen protection when closed.

MOUNTABLE ANYWHERE

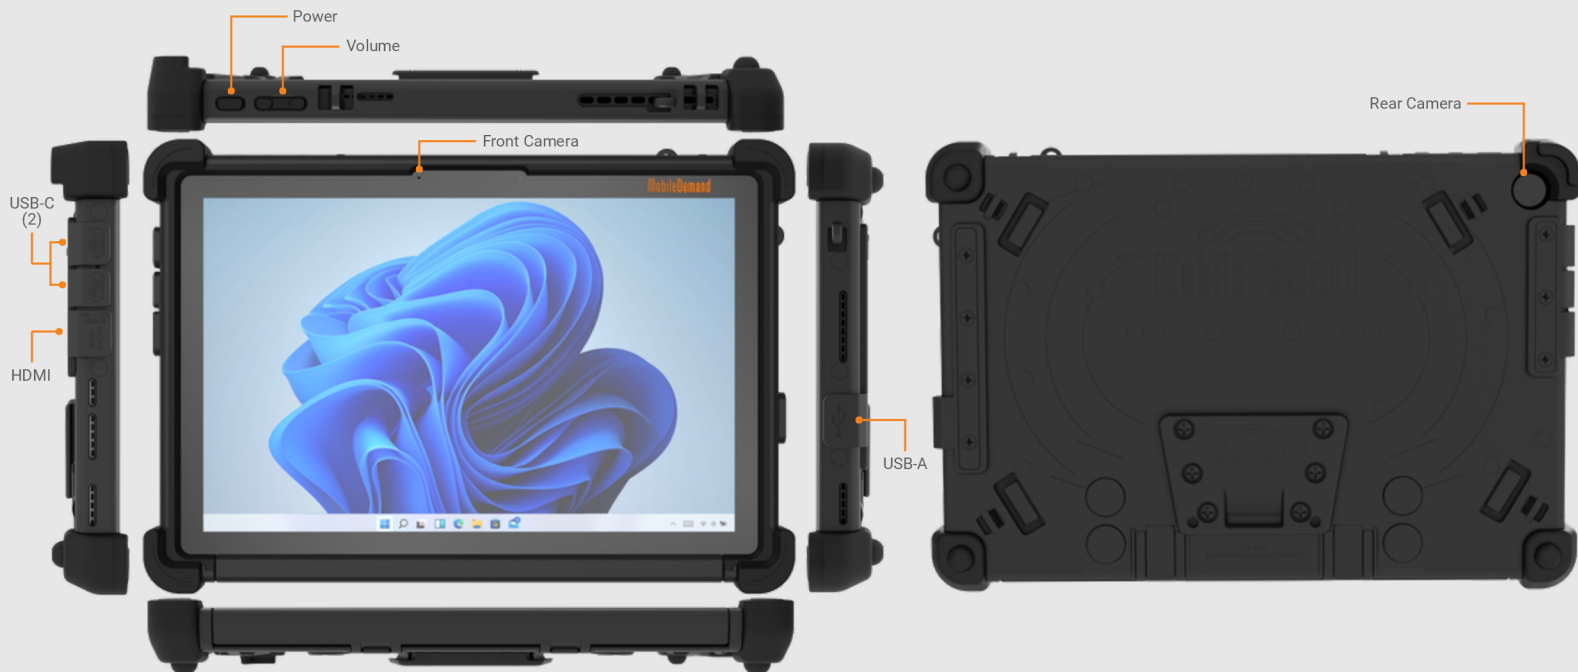

Purpose-built for mobile workflows, the Flex 10D integrates seamlessly with MobileDemand's patented Snap Mount System. The included Snap Plate allows the device to be securely mounted on forklifts, vehicles, carts, workstations, and more. Optional direct-wire power kits ensure continuous operation throughout every shift.

DESIGNED FOR THE WAY YOU WORK

The Flex 10D comes equipped with practical features that improve mobility and usability, including a comfortable hand strap, integrated mounting capabilities, and sealed buttons and ports for added environmental protection. Combined with an expanding ecosystem of accessories and mounting solutions, the Flex 10D delivers the flexibility needed to support virtually any workflow.
